Attendance Policy	Attendance for all sessions is required. If a student cannot attend one session, it will be the responsibility of the student to master the information covered. Repeated absences will result in a reduction of the student's grade. Attendance is mandatory for international students. Each student must attend all scheduled classes. Any International Business Program (IBP) student who has more than two absences in a class or any full-time ESL student who misses more than 20% of scheduled sessions may result in a failing grade for the course.						
IBP Failure Policy	If an International Business Program (IBP) student fails a course, he or she will need to repeat the course to earn a certificate of completion. The student is responsible for contacting the CAPS office within 10 days of the ending date of the course to arrange for a replacement course. This may take the form of an independent study that will be set up on an individual basis. The cost of the course is not covered by the IBP program fees and will require the student to pay an additional fee. An IBP student will not be eligible to apply for OPT or receive a certificate unless all failed courses are subsequently passed.

INC	This grade may NOT be used in ESL classes. Students with a justifiable cause may request a grade of INC, subject to approval by both the instructor and the Program Director. The student must complete all remaining assignment(s) within 30 days after the last day of class or the INC grade will change to a grade of "F". Final exams must be taken within seven days of the ending date of the course. The grade of INC is intended for students with medical or emergency issues which prevented them			
	 from completing the requirements of the course within the regular term. Conditions which justify an INC are as follows: There must be documented and extenuating circumstances (such as health issues or a death in the family). 			
	 The student must have been attending class on a regular basis. Both the instructor and the Program Director must approve the INC. All course requirements must be completed within 30 days, after which the grade will change to an "F". If a student has missed a final exam and does not have a documented, extenuating circumstance, 			
	this does <u>not</u> qualify for an INC, nor a make-up exam. The student receives a grade of "F" for the final exam.			
СОМР	Awarded to students who have completed a preparation course, i.e. GMAT.			
R	Repeat. Given in ESL classes only, this course must be repeated until a minimum proficiency is attained.			
Academic dishonesty & Plagiarism	Academic sanctions in this class may range from an F on the assignment to an F in this course or expulsion from the program. A report of suspected academic dishonesty will be sent to the Program Director and the Associate Dean.
